BELEB?IBTE

Clear bevels deliver you the timeless look that only cedar can offer, while giving you comfort that you are utilizing a natural renewable resource. Clear Vertical Grain offers the best possible solution for painting. Staining Aye & Better displays beautiful flat grain in a grade that is still mainly clear. Simply put, these grades are the BEST cedar siding options available.

• **Graded Both Sides** - Use the Rough or Smooth Face

• **Primed Finger Jointed Available**
90-95% 16' – Less Waste

• **Prefinishing Services Available** –
